RESOURCES ID

PT Antam Tbk – MIND ID

Dear Hiring Team,

I am writing to express my interest in applying for the Data Analyst Internship position as part of the Paid Internship Program at RESOURCES ID. As a final-year Information Technology student at HELP University and ITB STIKOM BALI, I am eager to apply my analytical skills and gain hands-on experience in a dynamic professional environment.

Throughout my academic journey, I have developed strong skills in data analysis, database management, and data visualization, with proficiency in tools such as Tableau, Python, and SQL. I have experience in processing and interpreting data to generate meaningful insights that support strategic decision-making. Additionally, I possess strong problem-solving abilities, attention to detail, and the ability to work both independently and collaboratively in a team.

I am particularly excited about the opportunity to contribute to RESOURCES ID as part of PT Antam Tbk and MIND ID's shared service center, as I believe it will provide a valuable learning experience in a real-world corporate setting. I am confident that my passion for data and eagerness to learn will allow me to make meaningful contributions to your team. Enclosed with this letter are my resume and supporting documents for your review. I would appreciate the opportunity to further discuss how my skills align with this role. Thank you for your time and consideration. I look forward to hearing from you soon.

Best regards,

Pande Made Yuda Adi Winata
